## NOTICE OF ALLOWANCE

### *Allowable Subject Matter*

1. It is in the opinion of the examiner that the art of record fails to disclose or suggest a “second pressure receiving unit comprising a second accommodation unit, a second sliding member, a second hydraulic chamber and a gas pressure chamber, the second sliding member being disposed between the second hydraulic chamber and the gas pressure chamber, only oil pressure and gas pressure acting on the second sliding member, the second sliding member being slidably received in the second accommodation unit so as to define the second hydraulic chamber and the gas pressure chamber, wherein the second sliding member is caused to slide by a pressure of the first hydraulic chamber to thereby compress gas in the gas pressure chamber,” in combination with the rest of the claimed limitations set forth in the independent claim.

Searching by the examiner yielded prior art as cited in the Office Actions dated July 20, 2006 and January 9, 2006. Therefore, it is concluded by the examiner that claims 2-5 of the present invention are allowable.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
